

Welcome!

We are a design agency based in the heart of Nuremberg, Stuttgart and Berlin. We would like to offer free workstations for creatives from Ukraine who fled here due to the war and landed in Nuremberg.

Our workspaces include desks, WLAN, color laser prints, free drinks and lots of helpful and nice people from Monday to Friday between 9h and 18h. This offer is for freelancers or self-employed, who currently have no space to work.

If you are interested or have any questions, please contact us by mail or phone.
